November 12, 2009 Expedite® Call Regarding H1N1 Vaccine Clinic

Good afternoon. This is Mike Byrne, Superintendent of Kirby School District 140.

Kirby School District 140 schools will be hosting the H1N1 clinic for the Cook County Department of Public Health on Friday, November 20th for our students.

The packet of information for the H1N1 clinic is going home with students today or tomorrow. Please review this packet carefully as it contains valuable information from the Public Health Department, two separate consent forms, and a parent attendance form.

If you decide that your student will receive the H1N1 vaccine, you must sign both consent forms and the parent attendance form. Please return all of the signed forms to school as soon as possible but no later than Wednesday, November 18th.

The entire packet of information and the text of this phone call will be posted on our District website: ksd140.org.

I want to remind you that the vaccination is completely voluntary and will be administered by the Cook County Department of Public Health.

Kirby School District 140 staff, including the school nurses, will not be making a recommendation to you regarding this decision.

Thank you for your cooperation.
